HEPATITIS C - RECENT ADVANCES

You are invited to attend a public lecture by leading experts
Drs Jane Collier, Ellie Barnes and Prof Paul Klenerman.

Viral hepatitis infects 1 in 12 people around the world. Would you like to learn about current treatments of hepatitis C infection, exciting drug developments that will reach the clinic soon and new vaccines being developed in Oxford.

Would you like to participate in studies of new therapies and vaccines?

**Everybody welcome; doctors, patients, nurses, students,
and interested members of the public**

Thursday 18th March 2010, 7-8 pm,

Lecture theatre 1, academic block, John Radcliffe Hospital, Oxford

Contact: Lizzie.Stafford@orh.nhs.uk or tel 01865 221575
