a continuous improvement culture*

South Central

Are you seeking to drive efficiency in your workplace?

“TRANSFORMING CARE”

is the **LEAN** skills programme
for clinical staff, team leaders, ward staff and
administrators who want to participate in service
improvement projects based on **LEAN** principles

This four-day, non-residential course will provide you
with an understanding of **LEAN** methodology and
how it can be applied in a healthcare setting

Courses will be held in 2010 as part of
NHS South Central's Service Improvement Skills (SISk)
Programme as follows:
