

Local Awareness and Early Diagnosis Initiative
LAEDI Educational Workshop

Thursday 21st October 2010
Kassam Stadium, Oxford
16:00 – 21:00

H O L D T H E D A T E

This event can be used to support information for medical revalidation

Free educational event for primary care staff working across TVCN. Who is it for?

- General Practitioners
- Practice Nurses
- Other primary care staff with an interest in cancer.

The workshop is divided into two sessions:

First session — Gain insight into people's journey when presented with the signs and symptoms of cancer and the individual path taken to being diagnosed as a cancer patient

- Learn strategies for empowering patients to seek help earlier and address existing health inequalities.

Second session — Examine results from a Network-wide Bowel Cancer Audit in GP Practices. Learn about patients' journey when they first present to healthcare to when they were referred and diagnosed with cancer

- Delays, risk assessment, referral guidelines, screening, diagnostics and sharing best practice will form part of the discussion

Registration information will be available in August. For more information, please contact:
